The World Padel Championship Patch

A Symbol of Identity

The upcoming World Padel Championship holds immense significance within the Padel community. To reflect this prestige, the International Padel Federation (FIP) is introducing a championship patch that will be proudly displayed on the official T-shirts of all participating teams.

This iconic symbol serves a dual purpose:

- **Identity:** It instantly identifies players and teams as participants in the prestigious World Championship.
- **Promotion:** The patch acts as a visual representation of the tournament, further elevating its global reach and recognition.

FIP is pleased to share the official patch design that all participating delegations must wear. Additionally, we have included suggested placement options for the patch on national team kits, ensuring optimal visibility and avoiding any potential conflicts with sponsor logos
